EDUCATION

► 2016 – 2020

Sampaguita National High School

- I successfully completed four years of high school and earned a diploma, along with the Special Academic Award in recognition of my excellent academic performance. Throughout my high school education, I consistently demonstrated dedication, discipline, and a strong commitment to learning, which enabled me to achieve academic success and establish a solid foundation for further studies.

► 2020 - 2022

IETI College of Science and Technology, Inc.

- I successfully completed my Senior High School education under the STEM (Science, Technology, Engineering, and Mathematics) strand and earned my diploma. Throughout my studies, I developed strong analytical, problem-solving, and technical skills, which have equipped me for further academic and professional pursuits in the field of Information Technology.

► 2022-Present

Saint Francis Institute of Computer Studies

- I am currently pursuing a Bachelor of Science in Information Technology (BSIT) and have completed all major subjects, including the successful development of an e-commerce capstone project. Throughout my academic journey, I have acquired hands-on experience in software development and database management, utilizing technologies such as C#, Java, Visual Basic, and MySQL, and have applied these skills in the successful development of several small-scale projects.
